Subject: Gun control

Dear Judiciary Committee:

The recent proposed gun control acts have nothing to do with preventing crime or safety, they are solely about disarming law abiding citizens of this state. Me and many other men and women have the same views and demand to be heard. We have had our rights stripped away since 2013 and enough is enough.

Considering that Governor Lamont has declared that Connecticut is one of the safest states when it comes to "gun violence" and has some of the toughest laws, "but that isn't good enough" reminded me of something that Benjamin Franklin once famously wrote

"Those who would give up essential Liberty, to purchase a little temporary Safety, deserve neither Liberty nor Safety."

I guess we are there.
